YoungBoy NeverBrokeAgain - July 21, 2017, 12:40 pm

Spent 30+ on multiple plans while he was so called in the hospital - never received my crypter all my licenses were invalid ...

johnny00 - July 21, 2017, 4:17 pm

It definitely takes time to contact with Cruise (3 days waited), but after all you receive product you paid for, that has good price-quality ratio.

For those who rage that they didn't receive their product instantly... Come on guys, ever1 has his own life outside the internet. Everyfa**ingthing can happen. It is okey, you can RAT your hot classmate 3 days later, don't need to act like a gangbanged virgin.

When I am making deals with some russians, I am prepared that this guy to finalize deal needs to risk his own life with antenna on the roof of his house. If he doesn't reply, then he is probably dead or got caught by FSB... and I am sorry for him! I am not spamming his JID with 'WHERE IS MY MONEY'... cause he might be dead.

Anyway! Vouch for the product, take it easy guys!

Greetingz from Zimbabwe!

VanThrie - July 21, 2017, 9:30 pm
