ZwClose - April 22, 2017, 8:51 am

Watamote, if you have social problems, the "cringe" will feel amazing like anal, it hurts but it feels good sorta.

Bakemonogatari or Black bullet are also top tier

YERANUK - April 23, 2017, 3:49 am

Maijin Tantei Nougami Nero -> https://myanimelist.net/anime/2985/Majin_Tantei_Nougami_Neuro

This anime is pretty strange, but I guarantee you will like it. It's an overlooked anime.

kookiem - April 23, 2017, 4:29 am

I'm currently watching Attack on Titan and My Hero Academia.

Troye - April 24, 2017, 8:01 pm

My absolute favorite is Nanatsu no Taizai. It is the (currently) only anime that made me go and read the manga to keep up to date. Love the characters, the plot, setting, everything. I can't wait for season 2 to drop, mainly because so much back story and development happens. Really psyched for the action scenes and who they will get to dub some characters.

love dbz dbs, just finished watching attack on titan on hulu.

Nevin50 - April 25, 2017, 9:56 pm

Dragon Ball Super, Death Note, Attack on Titan

Money- - April 25, 2017, 9:58 pm

Death note , Ajin/Demi-Human and yeah the old Naruto:Shippuden lol. Should try Ajin man , it has good characters in there.

bdawn - April 25, 2017, 10:15 pm

While not for everyone, it would probably be Attack on Titan although I haven't watched the second season yet. Waiting for it to finish so that I can watch it all at once :D

Oh wait, one Anime i almost forgot about but absolutely loved is the Gate

<http://www.crunchyroll.com/gate>

Freaking excellent series. Its short sadly but is very good in my opinion. I would say that I liked this show just as much as Attack on Titan.

RX-7 - April 25, 2017, 11:31 pm

Initial D is by far one of the best anime out there.

CorrosiveBlueberry - April 26, 2017, 4:43 am

I've watched over 550 series/movies and counting on myanimelist so its hard to have a favorite. I've been binge watching yawara: a fashionable judo girl

lately, and its really great. Almost done watching it, its one of my favorites, while i probably have like 200 favorites lol.

trafalgarlaw - April 27, 2017, 7:13 am

My favorite anime are One Piece and Dragonball. I do really like some other less mainstream ones, too, though!

ThaiboyDigital - April 27, 2017, 7:15 am

Probably berserk, cowboy behop, tokyo ghoul, nanatsu no taizai and attack on titan.

But i would definetly say that Berserk is a fucking masterpiece, atleast the one from 1997. I hate the new ones, or atleast i dont feel alright with their new CG.

Agramon - April 27, 2017, 7:27 am

Watch Fairy Tail. It an adventure/action/fantasy anime

gilatino - April 27, 2017, 3:57 pm

One Punch Man, Cowboy Bepop, Doraemon, Moomin

DenizZ - April 27, 2017, 5:17 pm

I only watched one anime in my life, lost the name though, it was about giants that ate humans, mankind lived between 3 walls. A second season never came out so I gave up on it.

Yjayce - April 27, 2017, 5:47 pm

Jojo's bizarre adventure is my top favorite anime!

Bugged Genius - April 27, 2017, 5:48 pm

Berserk before the cgi series.. also the manga is top tier,
