You don't need amazon prime to send or receive the balance via the prime gift trick.

Thanks for all the deals guys! Hit me up with more balance!

I don't buy gift cards. Got too many issues with them and my main account locked for physical cards.

I've been doing balance transfer via gift of prime only for some time now. It is the safest way for me and my customers.

Do you have Amazon account with purchase history? I want gifts of prime or Google, iTunes codes. All email delivery, paying with your gift card balance.
