Thread: [\[MARKETERS\] Weekly member upgrade thread #1 \[L33T\]\[UB3R\]\[3P1C\]](#)

Anakin™ - April 23, 2017, 3:09 am

The Marketers group will upgrade a member each week to either L33T, UB3R or 3P1C. This is our first upgrade thread.

Post here why you should be upgraded.

This competition ends on Monday, 1st May, 8PM CET.
The winner will be announced then as well.

Larsenpower - April 23, 2017, 3:11 am

Pretty sure that the contest doesn't end on the 30th of March. :P

Anyway, I would like to enter for 3P1C. I've been wanting that for a good amount of time now.

Thanks for hosting

Asset - April 23, 2017, 3:13 am

I'd like to enter for the 3P1C upgrade. I won an upgrade in another contest, but the guy haven't upgraded me, and it has been many days.

So, if I'm not upgraded the 30th, then I'm entering ;)

Thanks for this

I think I am deserving of an upgrade due to the contributions I have made on this site, but with saying that, I also believe there are many users who have contributed so much, so there is absolutely no hard feelings if I am not selected. I joined Hackforums nearly 5 years ago, and since then I have been an active member in the community, contributing with as many giveaways and helpful threads as I can! Some of my most notable threads include numerous giveaways, contests, tutorials, and other high profile threads including:

If I was to win, I would love to win my Ub3r back (lost it after my account was hijacked years ago), or 3pic. Thank you so much for this generous giveaway, and best of luck to everyone who has entered.

well, I can't compete with that lol. All I did was share a nice ewhore pack. But I'm still going to try my luck, hoping for l33t or 3pic because upgraded members are a lot more trusted and also that beautiful PM space <3

?ictor? - April 23, 2017, 1:20 pm

Would love to enter for a L33T, the reason is going to be straightforward and not cheesy.

So I can be more trusted to help even more people.

?C???I?x??? - April 23, 2017, 3:15 pm

Entering for EPIC been wanting that for a long time now. Good luck to all who enter the reason being is because I have contributed to the community. Other than that thank you for hosting this awesome contest!

DontWorryBeHappy - April 23, 2017, 8:13 pm

I feel I should win because I'm a high-quality member who could offer a lot more to this forum with an upgrade.

Currently, I'm limited to where and what I can post which limits me from helping other members as well as being a more trusted member on site.

I have done completely legitimate business all over hf; helping some members launch their business, performing all legitimate exchanges for finances, offering advice, and though minor, even making many laugh.

I seek to enhance my presence on the forum and be acknowledged as more and more valuable each time I visit.

And upgrade would thoroughly help with all of that and would allow me to pursue applying for uber upgrade as well.

I have done many giveaways on hf as well

I do lot of currency exchanges and I need access to trust scan which is available only for 3pics. So, I want it.

SIM-3467872 - April 24, 2017, 11:46 pm

Posting for l33t. I'm mainly active on currency exchange section and sometimes I get negative rep for pming every user for exchange and it takes lots of time to complete a single exchange. Thanks OP and good luck to all.

why you should be upgraded.

K. done gimme my upgrade

Constantia - April 26, 2017, 2:31 pm

I think I deserve to be upgraded because I aim to make every single one of my posts count. Whether it's constructive criticism, a helpful remark, plain banter or whatever fits the situation, I want to contribute as much as possible. I've helped quite some people on here, mostly with small things as most people here know how to learn things by themselves just fine, but it feels good to give back to the community. That's basically feeding me enjoyable content 24/7. There are some drawbacks on not being upgraded however, the most important ones being limited to an inbox of 50 PMs and only being allowed to search every 25 seconds. I use both services a lot, one to communicate with others and help them in private, the other to find additional resources to expand my knowledge and eventually translate to helping out the community too. I've got to clear my inbox almost daily because I keep getting in touch with new people, and it saddens me because I have no reliable way to keep in touch with the people whose conversations I delete. If they need help or just want to chat in the future, chances are slim I'd recognize them. I feel as if I deserve L33T because I'll use its features to give back to the community even more. Thanks for your consideration and have an amazing day!

moon79 - April 26, 2017, 3:56 pm

I want to be upgraded because I never had an 3p1c

Hiper - April 26, 2017, 9:59 pm

Just been enjoying the forum a lot and recently have been approved for Ub3r. I was going to upgrade anyways but seen this so thought I take my chance.

I am not very lucky at winning stuff don't know why but if you not in it you can't win it :)

Also your group looks very interesting if you ever looking for a members let me know. Would like to join a group on here at some point. Feel that it will help me get involved in the forum a lot more :)

Good luck everyone

KillerSavage - April 29, 2017, 5:29 pm

Well I need the l33t upgrade because I want users on HF to gain my trust. I have been helping people on hackforums for the due time I was here and I hope I get upgraded.

Billie Joe Armstrong - April 29, 2017, 5:34 pm

I've been here to quite long though.

I've done some graphics back then (feel free to check the thread) but been busy with life and studies.

Might as well revise my graphic knowledge and improve my skills since I haven't done any graphic in long time.

I'm entering this contest for UB3R!

Thanks mate-o!

SIM-2285183 - April 29, 2017, 5:36 pm

To be quite honest and blunt, I'd like 3P1C because of the post limit, now that I've become active again, I'd like to be able to post quicker.

Also to increase PM space as I'm currently on 60%.

I would love to enter for L33T. I was ub3r once, lost my account due to my own stupidity (lost passwords, changed IP etc lol) after I quit these forums a few years back. Now I want to get back to where I left off.

My UN was 'The Sly', for people that don't believe me :p.
