Doxing Service

I have over three years of private investigation experience as well as experience with de-tracing. I am able to search through around 115GBs of databases for info on your target.

Most of the information I will find is:

- IPs
- Emails (Full/Partial)
- Phone Numbers
- Account Info
- Address
- Passwords/Hashes
- Family Info

Pricing

For the foreseeable future, my prices will remain at \$5. That being said, I only take BTC as payment for my services.

ToS

- I reserve the right to deny any dox.
- I will not dox any HF member.
- I reserve the right to not complete any given dox.
- If I am unable to get the amount of info I would like on your given target, I will refund you fully.

I had Triops do a dox on an internet friend of mine who scammed me, he got me his details as quick as he could and I was impressed.

Cheers for the dox, Triops!

Would you be able to obtain a full email address based off the first couple letters, the owners twitter/Instagram and his full name? Keep in mind the email was made in 09.

You are allowed to dox HF members, for your information. Just don't post any personal data on-site or harass anyone.
