I'd suggest;

10~40 cows/al kharid guards

40~60 varrock guards

60-70 white knights in fally

70+ ankous in stronghold of security (you can make money there)

Monks are good for low level combat skills as you don't hit high, and they heal themselves, making it sort of afkable. Another popular spot in F2P is barb village, inside the bar. You can safespot the barbs by hiding behind the table/chairs if I'm not mistaken. Good luck!
