4. this is just to show how easy it is to ruin someone his life
- 5.No TrashSaling
- 6.I can refuse to sell you the book at anytime
- 7.Have fun

(Apr 28, 2017 03:22 PM)Plugs The Plug Wrote: [\[CITE\]](#) I received a vouch copy.

This eBook is brutal ?

Definitely lives up to what he says, could ruin people. There are some unique methods. You always see the same links in doxing guides, but there is one link in this eBook that I have never seen before, and it's great.

I see a few little grammar mistakes, I wouldn't say it has amazing presentation, but I don't think you really tried to do that, it's more about the methods, and I suppose if you want what he has advertised, that's really what you get and so I would recommend it ?

(Oh also, the first part right under the title, I really like that. I feel like it's a beneficial thing to think about while doxing.)

(Apr 28, 2017 03:22 PM)Finn. Wrote: [\[CITE\]](#) I got a copy, i enjoyed reading it, it's easy to understand and has alot methods to ruin someone after you got the victims address. I'm not a expert when it comes to doxing people, but i think it's a good e-book, especially for newbies.

I vouch for it!

Never responded to my question, how much page does it have?

Corrupt3d - April 29, 2017, 9:08 am

(Apr 29, 2017 09:07 AM)EasyPeasy Wrote: [\[CITE\]](#) Never responded to my question, how much page

does it have?
atm on my phone but i think around 9 pages

Formal - April 29, 2017, 11:14 am

I received a vouch copy for this

Content: There are lots of methods on how to ruin peoples lives and some I haven't ever heard of. It doesn't really go in depth on doxing but it does teach you how to. Also, there is just a few grammar mistakes.

Price: I think the price is kind of lot but with the right price, I would recommend buying this ebook especially because of all the methods there are to use to mess with people.

GLWS

(Apr 28, 2017 03:22 PM)Plugs The Plug Wrote: [\[CITE\]](#) there is one link in this eBook that I have never seen before, and it's great.
Oh yes I'm suprised I never seen it before either

the price is a bit high yes but its because its an actual HQ book and not like the other dox books that are 15 \$ and a total rip off

Formal - April 29, 2017, 11:25 am

I agree that its different because every doxing guide I've almost looks like the EXACT samething just worded differently and this ebook looks different for once, but it's still high IMO.

Corrupt3d - April 29, 2017, 11:26 am

I think if you went a little more in-depth on the doxing part then it would definitely be worth the price.

Also I think a link is missing I'm about to PM you

RepForums - April 29, 2017, 1:18 pm

great package, highly recommend, h.q guide! thanks mate ?

Corrupt3d - April 30, 2017, 9:53 am

book still up for sale !
dont miss your chance !

??e rando? d??c? g?y - April 30, 2017, 12:38 pm

Received a vouch copy from Corrupt3d, I never buy ebooks or use them but this one looked interesting and to my total surprise, it was very well written and easy to understand. All methods described in this ebook will work if executed correctly. The ebook is not written to spoonfeed you and when you are creative you can do a lot more fun then just the stuff it described.

Huge vouch for Corrupt3d!

Corrupt3d - April 30, 2017, 12:55 pm

thx for the vouch dutchie :D

EBOOK IS NOW 10\$ TAKE YOUR COPY NOW !!!!!!!!!!!

ThePurpleCPU - May 1, 2017, 2:10 am

Just bought this
works pretty good i dont understand why you sell it for 10 but idc
Your methods are brutal Imfao :p
glws

Corrupt3d - May 1, 2017, 3:47 am

thx the book is still 4 sale :) grab your copy right now !

blurryfacce - May 1, 2017, 3:08 pm

Vouch for Corrupt3d. Never had an issue exchanging money with him.
