Selling netflix accounts for \$10 per 100 accounts.
All accounts are working and have a subscription.
If you wish to buy more than 100 you can get a good discount. ?

I believe even with bulk sales, Accounts must be \$1.

Idk, he could say buy 1 acc and get 99 free for \$10 :P
I see stuff like buy 1 get 2 extras, so should be fine

Any way of checking/knowning these are all working? Don't really wanna do this by hand so if you know a way i might be interested in 100 or more.

7. All accounts sold must be priced at a minimum of \$1. Bulk sales should still equate to at least \$1 per account.
