I really like it :) I'd fix the grammar, like "database"

if-ea - April 30, 2017, 3:16 am

Thanks, goona fix that, I didn't really see I made the typo there haha

Lynchings - April 30, 2017, 8:57 am

I really like it honestly. Other than that typo already mentioned I don't see any problems

oRequiem - April 30, 2017, 10:27 am

Looks dope.

Clean asf, I like the style.

I'll fix that, I finished the app design within 3 days with 12 hour work sprints, so it just shows how exhausted I was.

Thanks for pointing those out, will take care of that soon!

That's the app I am working on with my friend who is a developer.
I have finished the design, handled him the files, and now he's gonna put it all together and we're going to submit it to app stores.

Great work man! I'm a big fan of UI/UX work. Your app's UI is very clean, non cluttered, and efficient design wise. Very nice work

Thanks mate, much appreciated!

Rivalry - May 4, 2017, 4:21 am

Really nice work, and nicely presented. Would love to see you use some more interesting colour schemes across your work, though.

Thanks guys, much appreciated!

Futurefreak - May 7, 2017, 10:54 am

Nice, clean, and sharp. I love it ! 9/10

if-ea - May 7, 2017, 11:40 am

Thanks a lot, much appreciated!
