Thread: [THE ULTIMATE E-WHORE VERIFICATION PICTURE METHOD \[PP/BTC/AGC.CA\] \[13 COPIES LEFT\]](#)

Obli - April 30, 2017, 3:18 am

Greetings.

Are you into e-whoring? After all, it's one of the most if not THE most profitable practices on HF. I've seen people rack up thousands in matter of days, getting that new computer they always wanted, getting that new iPhone that just came out before all their friends, and even buying their loved ones presents. These people are just like you and me, there is nothing special about what they do.

So, let's say you want to get started. Let's say you want to make some real money e-whoring. You download an e-whore pack from HF, you go on kik, or really any other app/chat community, and you find your first victim; "Bingo!", you think....

Until he says these dreaded words:

"I want proof that you are a girl and not just a scammer. I've been scammed before."

Now, what you CAN do is go into Photoshop, write up some blurry text, and show that to the victim; a proof picture that is poorly made will get you nowhere. It's just a waste of time to even e-whore if you can't even convince anyone that you are really a girl!

But what if I told you that I had a method that allowed you to use ANY PICTURE, and put ANY NAME on it, in ANY LANGUAGE, in less than 5 minutes? What if I told you that you could convince ANYONE that you're that college girl in need of money for rent or even for her student loan?

All you need is Photoshop, a picture, and 5 minutes of your time.

I am selling my own personal and PRIVATE method. Nobody knows about it, except for me. I have searched all across the internet to see if ANYONE ever made ANYTHING like it, and nobody has ever thought of it. It has a few steps, and allows you to use ANY picture you want, ANY PICTURE! Be it a girl holding some paper, flashing her tits, or a full body nude, I got you covered!

This is not your typical 'blur' method. We don't use any of that. Your victim will think that you're using some sort of marker.

So, what am I selling here?

I'm selling a method that is:

- Over 31 pages/2,000 words long!
- Full of pictures that clarify everything! A toddler could succeed with this!
- A state of the art method, developed through trial and error over time!
- Tips and tricks that will reinforce your game!

For the price of \$25, you can convince literally ANYONE that you are a lonely college girl. \$25 is what you'll do in one sitting of e-whoring if you're any decent. So, legitimately, this method really and literally pays for itself!

Don't believe me? I held a service here for YEARS. I used to offer verification pics (and personal ones!) to ALL of HF! Take a look, these threads speak for themselves! 55 pages of vouches and endorsements collected through the years! Click the links below, and browse through the pages!

So what are you waiting for, really?

ToS and FAQ:

Spoiler ([Click to View](#))-You may NOT AND NEVER LEAK THIS METHOD. This is a jewel. If word ever comes you leaked it, I will make a community alert on you, and trust me, I will know that it's you.

-You may not sell this method. There's a reason only 15 people can have it. So that it never becomes saturated in the e-whoring market.

-The method is written in a word file that is also available as a PDF. Images for all steps are provided in accordance.

-"Why is it \$25? Bit expensive!". This is an absolute secret, the method is 100% private and personal, nobody else knows it, of all the e-whores, YOU can stand out. A lot of work and time went into developing this method, and making it available should come at no small cost.

-"Why don't YOU e-whore? You would make more profit if you didn't sell it to anyone, since only YOU would be legitimate!" True. I just don't e-whore because I'm a failure at it, lol. I made \$10 once, but that was a long while ago. I'm a busy person, and I rather make my money in more honest ways.

-Under specific circumstances, a refund will be issued. Contact for more information. I am no e-book seller, and I am no thief.

-"Is this an e-book?". No. This is not an e-book, saying it is is a pure insult to the method itself. This is a method, not an e-book. It's in a .doc file, that CAN be converted into a .pdf (I will do that upon request)

-I accept BTC, PP and AGC.CA. I take \$25 USD for PP and BTC, and \$40 AGC.CA. But most people don't even have AGC.CA codes, it's just if it ever occurred, though.

Contact me through HF PM system only. If you have any questions and need me to talk more about it, ask for my Skype, or simply ask here.
