We did a \$30 Exchange (my BTC his PP) on 4/22/17. He charged back today (5/1/17). Although he doesn't say the email address that sent it, he was my only \$30 transaction that day.

On hold with PayPal now, let's see what happens.

If it's on hold it was more than likely sent from a hacked PayPal, if that's the case good luck getting that back.

Lol. Have you not searched his UID? Over 2 pages of reports.
You fucked yourself.

You fucked yourself. Yep, I sure did. Hopefully I can sway PayPal. I'm so sick of this damn hold music and this recording of this dude telling me how to use PayPal or Ebay.
