Thread: [Closed and Repfucked.](#)

Heybuddy_temp - May 1, 2017, 6:59 pm

I was closed and repfucked on my account "HeyBuddy"

uid=3150222

I had l33t and ub3r

Contributed to the forums a lot and was very HQ.

anyone know why?

I did nothing wrong that i recall.

Is there a way to appeal this?

This is really annoying, as i contributed a lot to this website, the thing that bothers me is no email/no explanation or even a hint to why.

THIS IS NOT A DISCUSSION, IM NOT LOOKING FOR A RESPONSE FROM YOU WANNABE ADMINS/MODS. I WANT AN ACTUAL RESPONSE FROM AN ACTUAL ADMIN/MOD.

Yeah, i have no idea why. Literally offered a doxing service (mind you, i did FOR FREE, if the case interested me. If it was something serious and IRL, i would do for free. If it's something involving minecraft or something stupid, i would charge for it.) for people to fight scammers. I think it's because a comment i made about HF opening the gates to scammers with the "We don't get involved in market" rule.

I have no idea why, if that's the case; why are mods/admins mad over this other than the fact that it's true?

I literally changed atleast 5 peoples lives, either getting their kids back Or Finding a family member that raped a kids mother, something police could not due.

Im really just looking to a reason why, and see if i could appeal/contest it.

A "Rep Kill", previously known as a Rep Fuck, is where an admin permanently removes all of a member's current positive reputation. Once a "Rep Kill" has been given it is irreversible. Keep in mind that a "Rep Kill" was given for a reason; any complaining in posts or profile may result in a one month ban.

Probably because you were such an extra, harassing members through unnecessary community alerts and your given reputations - you didn't get scammed, so you can't give out those reps.

everyone of you acts hard and cool; literally when my account was active 99% of you dick rode me for me to do things for you :) From doxing to helping with other stuff; now you all post all this negative shit the chance you get; just goes to show how toxic and immature most of you are.

Quote:HF is haven for scammers. it's driving away traffic from marketplace which omni said is the king of the forums. HF has a new "We dont get involved in marketplace" thing going on.

Everyone scams with no repercussions. Can't wait till mods/admins open there eyes and see it's driving away tons of users. A big reason why they don't get involved is because most people who scam buy stickies, which helps support the site; but on the counter part; it destorys the forums reputation as a whole.

Fuck'em. You know I don't tolerate people trashing my forum. He can fuck off.
