Absolutely not. That includes posts, PMs, profiles, or signature, and while we can't verify if you're doing this via IM services, it's likely if on site evidence is presented to us, you'll be "Rep Killed". We consider any hints, tips, or off-handed comments such as "+rep is appreciated" or "I like reps" to be an obvious hint to trade reps with a member. We won't tolerate it. If a user asks you for rep, report it to an Admin immediately. If it is discovered you didn't do this, you subject to penalty such as a "Rep Kill".

Do something to get repkilled... like this.

Easy.

Then just piss people off while still remaining within HFs rules :)

Are you not getting enough attention from your parents? Use the rep system as it's supposed to please.
