Thread: [Anyone's Parent On HF?](#)

TB12 - May 2, 2017, 11:07 pm

Just started wondering, any of you have either your mom or dad signed up on here? I would laugh seeing a dad and their child sell an E-Book on here. Or a mom and their child e-whore.

W?lf - May 2, 2017, 11:08 pm

Yea parker is my dad and he's on here.

Orgy - May 2, 2017, 11:15 pm

Make him follow his father's footsteps in triggering people ;)

Livewire - May 2, 2017, 11:21 pm

I've never even met another HF user, and I've been here a long time.

I've met a few. Make some friends, dude.

Yandere - May 2, 2017, 11:28 pm

My daughter has an account here. Her name on here is Tsundere. She tried to sell me an Ebook once so I grounded her.

SkyClouds - May 2, 2017, 11:29 pm

I just hate to see troll posts on HF. I don't say this thread is a troll but the posts really.

Judging by your general attitude and the way you take pride in being the HackForums nuisance with your explosive attitude and negative reputation trigger finger one can only come to the sane conclusion that you're indeed an infant. If you have met up with multiple people on this forum I really think you need to be careful or at least go with your parents supervision. Scary to think how many fuck heads are in this world and how you may end up on the wrong end of a grown man's penis.

I say that sincerely, do take care if you were not trolling about IRL meet-ups with strangers.

Vittorio - May 2, 2017, 11:42 pm

Yes, ra1d is my father!!!

Bluffer - May 2, 2017, 11:45 pm

It's so weird explaining concepts that are so normal to us to someone who has never used the internet. Thanks to voice recognition technology and AI he can now get to experience the internet too, he uses Siri to check the weather and Google Assistant to search for songs he likes on our stereo.

severos - May 3, 2017, 4:17 am

Hell I wouldn't even tell them I'm using it, they'll check it and see the e-whoring section and think that's what I do for part-time job.

Yin Yang - May 3, 2017, 4:19 am

The probability of this is very slim ha

severos - May 3, 2017, 6:30 am

If omni does this, then many of us will get parents on forums: Spoiler [\(Click to View\)](#) forgot where I downloaded this image from, feel free to search tho.
