Thread: [Website Design - Pizza - Opinions?](#)

**Mastery** - May 3, 2017, 8:15 pm

I just started this today, going to finish the design then building it. Haven't posted on here in a while, so what are your thoughts...

This is their current website btw:

Honestly, the bottom looks fine. In the navigation (at the top) the link styling is that nice pink as seen in the circle box.

used to css/html.
