Thread: [Anything similar to Samuri Champloo out there?](#)

Casian - May 7, 2017, 5:29 pm

I don't really like animes but I loved Samuri Champloo. The whole setting of the Japanese countryside, and the time that it's set in really intrigued me. Unfortunately, there is only one season so I am looking for anything similar to it, thanks!

Animes are very diverse but, it's rare to find a close anime just as similar, just explore around :P there is too much to enjoy xD

Afro Samurai (2007), Stranger: Mukou Hadan, Michiko to Hatchin, Katanagatari and Samurai 7

I can list many more

Anything by Shinichiro Watanabe is on another level really. I would watch his other stuff if you liked Samurai Champloo

If the story setting is what you liked, I'd recommend Shigurui. Be warned though, it's not for the faint of heart.

Oh cool! I was hoping something like this existed, like I said, I'm not that into anime

Is Samurai Champloo really that good? I didn't watch the anime but lots of people talk well about it

It's all good just glad I could help...if I even did.

It's not the same setting, but if you like Champloo, Cowboy Bebop is a necessary watch.

It definitely is. Shinichiro Watanabe directed both Champloo and Bebop.

The Animatrix, too! That was definitely a stranger one, but I thoroughly enjoy all of his work.

It definitely makes you have to rewind a few times and do some thinking.

But I was raised on Evangelion, sooooo.
