VOUCHES

Spoiler [\(Click to View\)](#)

(Jan 5, 2016 03:40 PM)Pittinger Wrote: [\[CITE\]](#) Didn't want to offend you. It's just that that's my experience with HF eBooks so far.

Anyways, got the method, here's my quick review.

? DESIGN ?

He literally PM'd me the text. But the method is extremely short, and that works. However, I simply like having a "hard" copy (in this case a .pdf), so I would suggest maybe creating an actual eBook.

? EASE-OF-USE ?

Literally everyone can go to the site, sign up, create the profile. That's all there is to it. The author even provides some tips, but they are known to everyone in this business.

? QUALITY ?

You get what you were promised. Horny dudes will start messaging you within seconds. It's up to you to convert that into money.

Additional benefit is that this website has a mobile app, so you can do this while on the go.

? RESULTS ?

After literally 2 minutes:

Example:

my fav, what a pickup line:

? CONCLUSION ?

Basically, you're paying for the website URL of an unsaturated dating/social platform. If you are able to justify that, go ahead and get it while it's still fresh.

EDIT: My, my... would you look at this? I guess this doesn't prove much, but here's a definite proof that there is at least one guy there who is ready to pay for nude pictures.

(Jan 10, 2016 03:26 PM)DB1000 Wrote: [\[CITE\]](#) Okey from the start I only did somethings hey told me to do withing 10 minutes i had already 3 people who started chatting with me without doing the last (Important step) Big images (Proof)  After some more minutes i got already 8 people talking to me. I'm sure this is a great way to get allot of traffic from people.

Guys this method is working perfectly.

I had allot of people who was sending me a message then its up to you what you are going to do.

It's definitely worth your money

(Jan 10, 2016 04:07 PM)LayndR Wrote: [\[CITE\]](#) Vouch for this method, got so much traffic already. No buyers yet tho but still people

(Jan 11, 2016 11:58 AM)altr3v Wrote: [\[CITE\]](#) Pretty satisfied with this traffic source. In less than 2 minutes i got like 17 new messages.

Thanks for the coupon OP and for your help.

(Jan 13, 2016 01:20 PM)Fa?I Wrote: [\[CITE\]](#) Just purchased this, since its new are public ewhore packs acceptable use would you think?

Update,

Now usually I'm the one who agrees if something looks to good to be true it usually is, but after registering to the website which took me maybe 3 minutes and to post this update, I have received 19 messages and the pictures I'm using really aren't the hottest girl either. So the original vouches definitely were not lying. ill keep you updated. The method is super easy and you can do it from anywhere!

I just wanted to post about the quality of the method itself but will be testing this immediately!!

Will report results later!!

Look forward to more methods from GravityHub!!

I JUST TRIED THE METHOD AND IT'S PROVED TO BE STILL WORKING, PROOF BELOW :
Spoiler [\(Click to View\)](#)

WHY DID I STOP SELLING AND I'M RESELLING NOW ?

Spoiler [\(Click to View\)](#) I stopped selling this method because of my inactivity here on HF. Now I tried

it, got a new feature where you can easily GEO-Target your victims. 5\$ is a rip-off

VOUCH COPIES ?

Spoiler ([Click to View](#)) NO. I am not giving away vouch copies, it already has enough vouches from the old thread and it's simply not worth it for 5\$. Don't ask please.

REFUNDS ?

Spoiler ([Click to View](#)) Yes, I will refund the whole sum (5\$) if you don't get any messages (only if you have followed my whole explanation)

To pay with PayPal send me a private message ! (Trusted members only !)

If you leave a vouch, I will provide a 1\$ off coupon, PM Me.

Thank you for your review !

Blame. - May 9, 2017, 11:05 pm

Bought this last night, still no confirmations for the BTC transaction.

GravityHub - May 10, 2017, 12:14 pm

Still waiting for confirmations, I'm sorry, have no Idea what it's taking so long

GravityHub - May 13, 2017, 4:42 am

I will now receive PayPal payments from trusted members. BTC takes way to much to confirm, it will still be available though. PM me for PayPal payments
