Thread: [INDEPENDENT ENTREPRENEUR MAKE \\$500 Guarantee|1v1](#)

Eagerkid - May 8, 2017, 11:00 am

Guarantee OR YOUR MONEY BACK

JOIN THE EMPIRE TODAY INDEPENDENT ENTREPRENEUR

This isnt some "method" or money making ebook. I am going to give you the business knowledge to make \$500 within 2 weeks or you will get a full refund. I am offering this to ONE person so it is truly one on one help. After your trial period or you make \$250/\$500 you will not receive continued support. (trial period is the 2 weeks after purchase) Comes with over 3 hours of videos to help you along.

Payment

BTC,ETH,LTC (or some other currency, no Paypal)

What will this service do?

I will meet with you on skype (I can do video or message)

Do I need money to invest?

NO. I have different plans that offer no investment, and plans that offer investments. So it is all based on what budget you have.

Why would you offer this for \$100 if you can make \$500 from it?

Because I am teaching you the experience to do the work to make the money. This isn't a method or a ebook. You have to be a bone head to not make money, which is why I am offering a money back guarantee to those that are helpless.

"you have to be a bone head to not make money"

this means in most cases you have to actually do what the mentor is telling you rather than giving up after 3 hours and complaining ?

This shit really grinds my gears because for one, it isn't even a complaint, it is an update like I said I would do from my original post. Second, the materials given to me were not enough to get started in my opinion, and I was just seeking clarification on Skype first. If you read my post, I literally said I messaged him and now I am just waiting for a response. How is that giving up lmao

Not sure how my update is interpreted that I am throwing shade, when I am simply just updating progress so far

This is the best opportunity for you to make some real time profits. Summer is almost over, but your profits dont have to be! If it doesnt work, you can get a full refund! The copies are limited, so get it while they are here. Once they are gone they are gone! PM me to purchase

Eagerkid - August 17, 2017, 1:30 pm

The time is ticking, I already have a few people messaging me about packages and once they are gone they are gone. I have a limited amount left and can help get anyone started whenever they get online. The discount period is over, but you can still buy the packages with the refund

There - August 17, 2017, 1:33 pm

Why did no buyer from the past three pages leave any updates? Can you get some of them to update us

Eagerkid - August 17, 2017, 4:07 pm

(Aug 17, 2017 01:33 PM)There Wrote: [\[CITE\]](#) Why did no buyer from the past three pages leave any updates? Can you get some of them to update us

Will get one for you.

No one has used the method and requested a refund yet, meaning they made money otherwise

they would have gotten a refund.

Unless people just like throwing away money.

I know for a fact some users are still using this, and are working hard at it. They just haven't come back to post on it.

Eagerkid - August 18, 2017, 7:17 pm

The packages are going to be going away fast, I am working on some more content and if you buy a package you will get a discount on any other service I offer. The money guarantee still stands so if it doesn't work you will get a 100% refund. Lots of people have been asking about the time you should spend and I would recommend 1 hour minimally if you are efficient and are not multi-tasking. If you want to make a lot of money online, you need to be dedicated. Now let's finish up the summer strong! PM me to buy this now

Eagerkid - August 20, 2017, 8:04 am
