You don't really have to spend any money when you can use existing groups and pages on Facebook. As Rod\$ said, plenty of free traffic available. ?

As Rod\$ said, plenty of free traffic available. ? yea man huge pockets of traffic everywhere online, as you said some fb groups have 30-40k users in them and open posting, instagram if things hit explore page your posts could be seen by well over a 100k people! working smart and not hard is the key, when you bring a few things together that

work perfectly with each other than everything explodes
