Can you do my HTML/CSS/JScript assignment?

(more JS than anything else to be honest)

This guy is my go to for anything Java related, amongst other things.

He gets shit done and it does it well.

Definite vouch.

Thanks for the vouch!

HackOnTheGo - August 8, 2017, 6:43 am

Last night I contacted him about a job and sent him the necessary information. Now I wait ? and will edit my thoughts after the job is done. So far the price is very reasonable, hope to hear from him soon :D

Koolsami7 - October 2, 2017, 10:32 am

I have now added that I am doing coding homework for people! Be sure to contact me if you need anything done ?

Koolsami7 - November 1, 2017, 5:07 pm

I have been a little busy with school coming around, but I am still available for coding jobs. I am also doing coding projects and assignments for people. My Skype is: nlx_sami

Koolsami7 - *April 22, 2018, 6:11 pm*

Just wanted to let everyone know that I am available for any projects! Be sure to message me on Skype or via PM!
