Thread: [HackForums User Titles and Their Promotion.](#)

Nyctophilic - May 10, 2017, 12:20 pm

How many user titles are there on HF and what is the Post count to get them ?

There are 2 that I know of, One of which is Knight which doesn't require many posts and the other is Baron and I have seen someone with over 400 posts and still being baron.

Any help at all is appreciated.
