Thread: [10,000 Instagram / Twitter likes and followers HQ! \(leet and ubers\)! Contest](#)

nightkyze - May 13, 2017, 10:10 am

I feel like giving back to you guys so I will be giving 10k followers for twitter or Instagram and 1k likes for Instagram

I will only do uber and leet.
comment for me to send

to win the contest all you gotta do is tell me how much is
300x20x80x50x3x1 divided by 0 divided by 0
and tell me what your calculator tells ya :D

axel - May 13, 2017, 10:12 am

oh i wouldn't mind those fufu IG followers somewhere thnx

nightkyze - May 13, 2017, 10:12 am

I will pm ya :D so i can get your instagram to send

Transcendent - May 13, 2017, 10:26 am

#Error I'd like this?

The answer is zero. Anyway, I contacted this user and said I'd be willing to pay towards this and he offended me. Probably in this for the rep.

dkoder - May 13, 2017, 10:44 am

Edited - #ERROR Cannot divided by 0
Instagram followers. :)

The Pulp Fiction - May 13, 2017, 10:48 am

Posting for Instagram followers

Thanks to you

Hope I win

My Calculator Tells "Math ERROR"

Calculator says error. Are you offering these services to everyone that's upgraded or is it only just one person that'll get whatever they want?

nightkyze - May 13, 2017, 11:12 am

everyone who gets the correct answer
