demonbruno - May 16, 2017, 3:49 pm

Some very good animes to watch:

Full Metal Alchemist Brotherhood and Classic
Steins;Gate
Gintama
Code Geass
Sora no Otoshimono
Evangelion
Shijou Saikyou no Deshi Kenichi
Clannad (and Clannad After Story)
Little Busters
Angel Beats

What do you think of it ? Also, put your 10 recommended anime that you think people should know about it. I would really like to see what are your opinions =)

I kinda liked Sora no otoshimono but I hated the way the supposed "end" of the series. Nice list though
