Thread: [Lukas' OSRS Quest Service \[Questing Packages + Individual Quests\]](#)

**Lukas** - May 16, 2017, 8:22 pm

What Am I Offering?

I offer a reliable method of quest completion. My task is to do any quest that you do not have time to do, or simply do not want to do, but still being able to move towards your goal in OSRS. I have been a user on here for several years and an avid Runescape player for just as many. I finally decided to put my familiarity with this great game to use and assist any players that needed helping for an affordable price. Quests come in packages and individually. If you have any questions feel free to message me.
