Hey guys,

I'm wallercho and i'm here to make a new group about only Football Tips/Predictions.

I'm very experienced in Football Betting, have been doing that for more than 4 years and i guess i was doing well, that's why i decided to make group.

Showing a few different wins doesn't demonstrate any long-term history and ROI, this is also ridiculously expensive as far as paid betting groups/sites go.

Bother showing us how many times you lost as well? I bet you lost more than you won.
