all of sales will go towards my DSLR camera funds goal.

Here they are ([Click to View](#))

1. Priority Queue

-A priority exists when there are other clients with a SpaceX plan but no priority pass. If so, you will be boarding first and thus get your Logo done faster and quicker. Saves long waiting lines.

2. Refunds

-We all don't like them. Once your flight (work) has started no refunds will be gifted or processed. All deliveries are final with up to one revision for SpaceX and Deathstar and Three for Apollo 12.

3. Payments

-All payments will be made with a new virtual intergalactic coin called Bitcoin. Or SpaceX's other brand: PayPal.

4. Quality guaranteed

-No extra comment needed.

5. What if others are better?

-Not possible

6. Do we get a cup of coffee onboard?

-First two cups are included.

7. Other questions?

Send us a hyper warp message or just a nostalgic PM.

I am really tempted to grab a design or two from you, but I wish you had more work I could look at to get a better feel for your style.

Also do you do everything yourself in terms of vectoring characters/figures, or do you steal work online?

All work is vectorized and layered within Illustrator. All drawn by myself.
