Hello community,

As all of you are aware there are a variety of methods to earn money on the web. Surveys being one of the major ways to earn this. The method is simple but unlike other sites with SP you have a service you can trust. SP have been on the web for 5+ Years with 3 sister sites.

Another great factor with SP is that. You can register with both partner sites and complete the same offer. This does not breach the service Terms of service.

The other aspect to the site is that you can earn cash or points. 100 = 1. I usually average \$6-10 a day using this method. " NO BS " the service is simple. The ways you can earn are fantastic. Video watching, Surveys, PPC, Trials, Downloads etc. The one thing that draws me to the site is the fact they pay each and every day. You can access the site through the link in my sig. Any questions are welcomed. If you do join and wish to learn some additional methods to boost this service. Feel free to contact me through PM.

Anyone who signs up using my REF will automatically receive a share of my monthly earnings. Also upon sign up you will be credited \$0.20 straight away.

The link is in my SIG. If you click that. The Method is straight forward. It's surveys, Videos. Trials etc etc.

The difference with this service is they can " actually be trusted " they also have live staff in the chat box 24/7 to answer any questions you may have. The one thing I will say is I would avoid filling out on a VPN / Proxy. I would not try to bypass the site or cheat the system. It will likely result in you being banned. (This is just a friendly reminder and not an assumption that you would) Besides it's your account so it's up to you.

There are a variety of surveys and panels in which you can choose from. It's hard to begin to explain the amount of options that are open to you using this service. Also again the fact that the min withdraw is only \$1 and you can make between \$5 - \$9 without very much effort at all.

How many surveys do you have that is more than 1\$? i get none. Even after answering 1000 questions i still don't get good surveys. Guess its because of my location, most high paid surveys don't even show.

Edit: Signed up from your banner by the way.
