Why do you believe you belong to be a part of this group?

Gaming groups are always the best type of groups in terms of different members. You'll come across competitive, tactic or just relax players. I find myself an all round sort of gamer where I enjoy playing them all and a variety of games giving me and other members more opportunity to game with someone when they're online gaming. I feel like I'd be a good fit as I would be more than happy to release one of the gaming threads I'm currently working on from the group and also help fund or run internal or external contests from the group.

Will you be dedicated to the group?

Yes I would be and would be happy to meet any weekly/monthly requirements set out.

At present no but I am currently working on two for Playstation and all round.

Age

I am Twenty.

Gaming Platforms

I play on PC exclusively.

Games

Currently I have gotten back into League of Legends, a game I have played since season one, which occupies most of my time now.

Previously though I have played a mix of everything from World of Warcraft, Overwatch, Blade and Soul, EVE: Online and Black Desert Online. I often return to some of these games for short periods of time.

Why do you believe you belong to be a part of this group?

I love anything video game related and have been playing them since early childhood. Having the opportunity to share my passion and knowledge with other like-minded people would be great. Not to mention the Userbar is bangin.

Will you be dedicated to the group?

Absolutely. I will be more than willing to partake in any group activities when available and applicable. I will offer whatever help I can towards the growth and success of the group. My time spent online and posts per day should give you some kind of indication how much I frequent HackForums. This will not change and will most likely increase if accepted into the group.

Do you have anything note-able gaming related?

Not really in terms of rank but I have been playing League of Legends since season one as stated previously. In my time playing I have peaked at Platinum 1 and currently sit at top 5% in my region.

Favorite quote?:

V for Vendetta ([Click to View](#))Voilà!

In view, a humble vaudevillian veteran, cast vicariously as both victim and villain by the vicissitudes of Fate. This visage, no mere veneer of vanity, is a vestige of the vox populi, now vacant, vanished. However, this valorous visitation of a by-gone vexation, stands vivified and has vowed to vanquish these venal and virulent vermin vanguarding vice and vouchsafing the violently vicious and voracious violation of volition.

The only verdict is vengeance; a vendetta, held as a votive, not in vain, for the value and veracity of such shall one day vindicate the vigilant and the virtuous.

Verily, this vichyssoise of verbiage veers most verbose, so let me simply add that it's my very good honor to meet you and you may call me V.

The girl looked at him and then said, "NO!"

Dave said, "I'll be real fast. I'll throw the money on the floor, you bend down and I'll finish by the time you've picked it up."

She thought for a moment and said that she would consult with her boyfriend.

So she called him and explained the situation. Her boyfriend says, "Ask him for \$200 and pick up the money really fast. He won't even be able to get his pants down. Then give me a call."

She agreed and accepts the proposal. Over half an hour goes by and the boyfriend is still waiting for his girlfriend's call. Finally, after 15 minutes the boyfriend calls and asks, "What happened?"

Still breathing hard, she managed to reply, "The bastard had all quarters!"

She thought for a moment and said that she would consult with her boyfriend.

So she called him and explained the situation. Her boyfriend says, "Ask him for \$200 and pick up the money really fast. He won't even be able to get his pants down. Then give me a call."

She agreed and accepts the proposal. Over half an hour goes by and the boyfriend is still waiting for his girlfriend's call. Finally, after 15 minutes the boyfriend calls and asks, "What happened?"

Still breathing hard, she managed to reply, "The bastard had all quarters!"

Why do you believe you belong to be a part of this group?: I've been gaming since I was 6. Whenever I have free time, I would game. I hopped from game to game in the past (after playing the games for 3+ years), from Maplestory to Grand Chase (competitive PVP), to Puzzle Pirates (more fun than it looks) to League of Legends to Competitive Pokemon. I get addicted to ELO games too easily, they're unhealthy, lol. Usually I'll do very well in such games, one of the top.

Will you be dedicated to the group?: Yes, I am a very dedicated person, just look at how long I've stuck on HF even though I got scammed of \$400 (an ungodly experience) 1 week into this site. I'll stay and make a positive difference to the group.

Do you have anything note-able gaming related?: In most Competitive games I'll play until I get a very respectable rank/ELO. Usually the top few. Though, then I get bored, and quit, and a few months later I drop due to decay / metagame changes.
