Thread: [New awards](#)

Vitani's Mate - May 19, 2017, 6:11 pm

So yeah, two new awards have just popped up onto the site!

<https://hackforums.net/myawards.php>

What is your opinion on these 2 awards?

They haven't come up on the donation page yet and it is unclear how much they are going to be but I have a feeling that they will be around \$20 to \$50. Which I will be getting I guess. I am hoping that Omni can take btc or I will have to find someone to buy the award for me.

I've already spent like over \$2000 in donations on HF.

Amp - May 19, 2017, 6:13 pm

I like the designs of both. Nice implementation.

Patzan - May 19, 2017, 6:39 pm

Awards looking nice, and nice to see Omni add more coins.

thales - May 19, 2017, 6:40 pm

Just a matter of time.

Glad they were added.

Zexo - May 19, 2017, 6:42 pm

Ehh I don't really buy awards with my own money so I doubt I will buy them.

b?xxy - May 19, 2017, 6:42 pm

Interesting.

Hopefully I can get my hands on them.

Younis Khan - May 19, 2017, 6:44 pm

i didnt know people bought awards but thats actually cool...just wondering, can you buy any award or only specific ones?

Gustav. - May 19, 2017, 6:45 pm

Always nice seeing new awards and these look pretty cool.

test - May 19, 2017, 6:51 pm

Looks dope. More pixels to add to my collection.

Awards you can buy.

You can buy master donor and that usually comes with one of the custom awards and amethyst usually comes with 2 of the custom awards.

Blazin - May 19, 2017, 7:00 pm

I will be looking to add the new crypto one to my collection.

Vitani's Mate - May 19, 2017, 7:01 pm

I would like more awards so I can finish the 5th row of awards. :D
Would be cool.

Cool concept but I don't think they would look to good on my profile.

Stealth™ - May 19, 2017, 7:04 pm

I swear Omni said that he would never get into Ripple.

No way in hell he will accept BTC. It is an award for a specific coin like many of the others. You're going to have to exchange. Good luck finishing your row :)

Lol I guess.. I mean btc is doing so well right now.

almost at \$2000usd. which, I've never thought it would reach that high. Back in the day, I thought it would only reach around \$600. Ahaha.

Plus there is like 250k unconfirmed transactions due to the blockchain being slow as fuck.

ZerFallen - May 19, 2017, 7:10 pm

Time to start using XRP. ?

Which is pretty fucking exciting. :D

Trappy - May 19, 2017, 10:14 pm

Thought omni hated ripple

Darkwin - May 19, 2017, 10:17 pm

Nice awards i just hope they aren't donated awards, I feel as although its somewhat needed to keep the cover costs - Id still prefer awards you actually strive to earn.

Whats the point of having a wall full of awards if you've just paid/donated for them?

Inflatable award, given to people who love inflatables. (AKA, just me) or a couple of people. which is very scarce. XD

Or I might get one when I reach 100,000 posts. :D
