How about Coin Talk?

So who is interested in working with me alongside others on the Crypto News? It is going to be bi-weekly. I am going to get some Writ3rs in here to help out with compiling and so on as well. We are also going to be recruiting a lot more members, I am just going to let people apply first, before starting out reviewing the applications.

Graphics work is being done for the Crypto News as well.

How do you all feel about an inerview section? Just one person a week. I know Omni's really been into crypto's for a long tme, do you think he'd do an interview?

In the weekly news, not a seperate thread or anything.

Where do you guys get your bitcoins for EUR/USD?

I buy from Coinbase.

I buy LTC usually though because it's quicker transactions.
