Thread: [How to always be sick in school guide \(kids only for real\).](#)

DinoTube - May 23, 2017, 2:43 pm

BEFORE READING THIS, U HAVE TO PRETEND YOU'RE SICK AND DON'T GO TO SCHOOL AFTER YOUR PARENT CALLED SCHOOL TO TELL THEM YOU ARE SICK. AFTER THAT U CAN USE THIS METHOD (kids only).

Hello guys, this is my first post so sorry for the low quality writing I am doing but I just wanted to share this method I always did like 5 years ago.

This guide will be focussed on only kids who still have their mom call in sick for them. I really don't know why I'm posting this on here but it can come in handy.
By the way, please don't do this too much.

Requirements:

- Call Spoofer (ex. spoofcall.net)
- Voice changer
- The school's phone number
- A parent who still calls you in sick

Step 1: Pretend to be sick at first.
(there are actually many tips for this on the world wide web)

Step 2: When the day u actually have to go back again arrived, go get a call spoofer and a voice changer.
(u don't have to if u actually have them already)

Step 3: Call your parent and use your spoofed schools phone number.

Step 4: Ask the parent if the kid (you) will come back to school because there is a event going on. The parent will then say yes.

Step 5: Tell him / her he / she doesn't have to call anymore to let the school know the kid (you) is sick.

Step 6: Pretend u are going to school everyday from now on but just hide somewhere around the corner and when they go to work go back in.

Step 7: Don't do school stay in drugs ?[/font]

You definitely need more school if you think this is a good idea. And probably a firm beating, too.

"- Voice changer" if someone would seriously go through this to miss school, I would really question them

X X X X - May 23, 2017, 5:31 pm

Is it really that hard nowadays that you need to come up with methods?

School is not something worth missing.

It's free to you now, cherish that.

Make the most of it to get some damn scholarships and recognition.

I'm an adult and you're going to jail now

Why would you want to do it all the time?

Make the most of school its invaluable!
