Thread: [Instagram Bot + Instagram + Snapchat = Adult CPA](#)

Ruqez - May 24, 2017, 4:20 am

This is my very first tutorial, please apologize if I make any mistakes.

The method I'm sharing with you should be nothing very new to some people, however I optimized it over the time and it works better than before.

We're going to use multiple Instagram accounts to drive Snapchat adds to a SINGLE Snapchat account.

Required for this method :

- Girl Snapchat account (With hot pictures, not fully nude!)
 - (Multiple) Instagram accounts (Girl, some nice pictures that fit with the ones from Snapchat)
 - IG bot
 - Adult CPA offers (Anything works)
 - Snpchat.me link
-

1. - Create an Instagram Account
 - > Pictures and description should attract male users
 - > Being a private account works aswell! You will get more adds from my experience!
2. - Create a Snapchat Account
 - > Post some hot pictures regulary (1-2 a day)
3. - Connect Instagram with Snapchat
 - > Head over to snpchat .me
 - > Enter your username and copy your link
 - > Add your SnpChat.Me link to your Instagram account(s)
(This will boost the daily adds enormously as it's quick and easy for your male audience)
4. - Use any IG Bot to get traffic

IMPORTANT : No matter how many Instagram accounts you are using, always add the same snpchat .me link/Snapchat Account

You can easily scale the amount of adds up...It's all about how many Instagram accounts are running.

EXAMPLE :

Per account you get 30-50 adds a day, with 10 accounts, this will mean you'll receive 300-500 adds

a day.

HOW IT WORKS :

Instagram accounts -> Snapchat Adds -> More Snapchat Story views -> Post CPA Offers/Chat with users about it (On Snapchat) -> Get conversations!

The success with this method depends on your accounts and pictures.

The better and more realistic your profiles look, the more conversations you will receive.

I prefer using Snapchat for making conversations as it's more personal and users trust you more.

If you need any help, please don't hesitate to ask!

Good luck!

Nice in theory, I used to do this a lot but its not as easy getting snapchat ads as you think, aged accounts, avoid bans, hq sources to get adds that will convert into \$4 and not \$0.04.. It's certainly not as easy as it sounds but will work

Yeah, I totally agree.

Some tipps:

- Use aged accounts
 - > When starting the bot, remove the link. Instagram will increase your follow rate per day with this (you don't get banned that fast). Use a small delay between following, so you follow enough people in a few minutes. THEN (after following is done) add the link again, as the most people will check your profile in a matter of a few hours, means they still see the link then.)
- Use p-stars as source
 - > No comment haha
- It's all about content & quality.
 - > Make it look legit -> More cash. This is the most important detail in the method.

Hey,

Not sure what you're looking for exactly.

Are you looking for real or fake (just for looking legit) likes/followers?

If you're looking for fake ones, checkout those Like4Like apps etc. You could gain quite a good amount there, however they are fake and inactive.

Hope this helps ;)

Just use any bot or buy real ones anywhere. However, buying "real" ones is always a bit risky...Mostly they aren't real.

Buy shoutouts

Do not ever buy any 'real followers' because they are not real. The term 'real' pretty much means 'real looking profiles'.

These followers will never interact with your profile and you will never be able to turn them into leads or customers.

I would recommend to buy FollowLiker licence instead and use the automation bot to do all the

liking, commenting and following/unfollowing for you.

This way, real people will follow you, like and comment your post.

Yup, FollowLiker or any other bot would work. (MassPlanner was the best I guess, however they stopped :()

Method still works, no matter what bot ;)

Hello.

Can you give me some advices for adult traffic ? Not botnet traffic but dating (wealthy people) traffic.

Thank you.

timtebow - July 5, 2020, 2:18 pm

What are some Adult CPA programs that accept this type of traffic?

That's always been the hard part for me.
