There's so many great features about this tool that stands out.

The ability to checked banned accounts was surprising as I have not found a tool YET except this one to do so.

For what this tool has to offer, it's so reasonable with the price.

Great job! Keep up the good work and GLWS!

The interface / GUI of the "Titan Checker" is so clean and slick, I love it 9.9/10

There are so many great features of this tool that just stand out to me, This is probably the only checker which can actually show you banned accounts.

In my opinion the price should be raised a tiny bit, amazing product.

OVERALL RATING - 8.5/10

(May 25, 2017 05:00 PM)?ictorY Wrote: [\[CITE\]](#) I have received a vouch copy from Pronouncer and this is my review.

This checker is probably one of the best Instagram checkers I have ever used.

Design UI 10/10: Looks absolutely amazing, appealing and attractive. The dark bright color scheme

makes it look clean and professional.

Function 10/10: This checker includes everything you need in an Instagram checker. The ability to change the amount of threads, shows the available usernames and the ability to save those usernames into a .txt file. Very useful for getting OG's or semis. Most importantly, this checker scans for banned accounts which I have never seen before. Don't know how you do it but good job!

Uniqueness 10/10: I have never seen a checker with the ability to check for banned / disabled accounts.

User Friendliness 10/10: Super easy to use, a few clicks will get you checking right away.

Overall 10/10: An all-round amazing IG checker.

I strongly recommend this product for Instagram users like me.

We have pushed an update to ensure the stability of the product, it would from time to time stop 1 if you were checking multiple instances at once, we made sure that it does not happen again.

We are hosting a giveaway and you can grab a free copy of this

Pronouncer - June 3, 2017, 11:24 am
