I dont mind Using PayPal or insta CC.

The thing is that i cant use Coinbase.

And for buying BTC im using virwox which is a shit site that takes too much fees.

So any of your tips guys would really Help.

Really hyped for Crypto Currency, Thank you !

Just post in the CE here asking for 1:1 and a MM, Most likely someone will help you out. Especially if you have a verified PP and an ID that matches it.
