Thread: [Coin Discussion only Subforum in Crypto Section](#)

Greg???????????????? - May 26, 2017, 2:02 pm

Have never been one to suggest things on H.F but this is something that people might be interested in. A subforum where it's basically coin only discussions and nothing else. The crypto section is growing by the day and i think it should have one. Don't think many people like to go to the crypto section and scroll through 10-15 diff types of threads to see one good and informative one. This way it would be more organized.

I go into the crypto section and it's literally like 10-15 threads asking "Why are all the coins going down" "why can't i withdraw my coins"
"what coin is the next 300x coin"/ "So and so caught faking his earnings"/etc..

There's enough people in the crypto section for both the main crypto section and the subforum to both be active

Cryptosin - May 26, 2017, 2:06 pm

you do realize cryptocurrency and altcoins are one and the thing right? what you are proposing is essentially a cryptocurrency section in a cryptocurrency section lmao. Unless I am understanding this COMPLETELY wrong which might be possible because I haven't slept in a couple of days lmao

What i'm suggesting is a discussion subforum where it's coin discussion only if that makes sense. For example on bitcointalk they got a Coin discussion only subforum.

yeah but isn't that basically just the cryptocurrency section? it isn't like people are discussing altcoins in the lounge

Errors - May 26, 2017, 2:10 pm

Unless I'm mistaken, he's saying he wants it to be more "organized" for the lack of a better word atm.

I think it's cool as is, but I can sorta understand

Yea more organized
ah alright, that makes way more sense. I think this could be achieved with like dedicated mods for that section though, because people are gonna end up posting outside the subforum anyway

Yeah i was going to add that in as well. Could find a dedicated mod who's always in the section. Might have maybe been better to ask the people in the crypto section instead if they wanted something like this since i don't think a lot of the people in the crypto section go on the suggestions section lol

Strictly - May 26, 2017, 2:47 pm

This looks more organized.

Remember you can report threads that violate policy. If it doesn't violate policy, like the threads you're mentioning, then I don't see why the reasoning for more mods.

Staff have been very active in the forum. I am there frequently too.

Remember to use the report button if something is against policy.

People are starting at different levels with crypto currencies, so we should look to helping them opposed to segregating them.
