Thread: [Free Compliments](#)

**TB12** - May 30, 2017, 2:42 pm

I was very fortunate to have [Vitani](#) upgrade me as a surprise. I want to do something positive for the community. Unfortunately I don't have money or items to give, so this is the best I can do.

Anyone and I mean ANYONE post something positive below about a member you like or want to recognize. If you do that I will compliment you or say something nice towards you, even if we have had our differences. You can even just have 5 posts, I will find at least SOMETHING to say. You don't have to be all serious in what you say about another member, as long as it isn't hateful in a non joking way.

Disclaimer: If I say something nice about you, it does not mean I truly like you or that I will start kissing your ass outside this thread. I am recognizing the good in everyone.

I know this sounds like a gay ass thread to many, but fuck it I don't care.
