Or can someone take this picture (gif) <https://i.imgur.com/i4nNEZc.gif> and crop it so it's just the circular thing that's rotating and then put the medusa image on top of this image <https://image.prntscr.com/image/90050364e8fe4e42961b9399715c2a53.png> ?

I hope your titties all saggy in your early 20's

I hope there's always snow in your driveway

I hope you never get off Fridays

And you work at a Friday's that's always busy on Fridays

I hope you win the lottery and lose your ticket

I hope it's Ben and Socrates poop all up in your kitchen

I hope the zipper on your jacket get stuck

And your headphones short, and your charger don't work

And you spill shit on your shirt

I hope your tears don't hurt, and I can smile in your face
