Thread: [Joe Rogan + Alex Jones + Eddie Bravo = 4 hour mindfuck](#)

nick_electro - May 30, 2017, 6:06 pm

As if Eddie Bravo and his retarded theories could not be enough,
joe rogan also decided to invite alex jones to his show.
these guys took shit talking to another level.
jesus christ almost 4 hours of trash talking with alex jones high on weed and drunk.
this shit is one of most hilarious things i've seen.
all yours.....hahahahahaha

Alex Jones is a fucking retard, it's sad that he was literally born in the same exact tiny town outside of Dallas as I was.

I just started watching Joe Rogan's podcast and I think it's very good.

You should watch this if you enjoy Alex Jones memes. ?

Alex Jones is so neurotic, that it takes weed for him to be coherent in his arguments. Holy shit dude.

Have you seen Joe's comedy specials on Netflix. They are pretty awesome. He gets real in depth with his comedy and draws it into philosophy like nothing.
