Thread: [Need Crypter That Will Work With Silent XMR Miner](#)

OregonWeed - May 31, 2017, 9:27 pm

"Just ask the seller if the crypter self-injects (this is needed for the miner startup to work), and make sure the crypter does not have startup"

Can someone point me in the right direction?

I just paid for crypter pig but selly never got emailed a code -_-

Pm me bro i can help you woth crypter pig not emailing the code

OregonWeed - June 3, 2017, 1:40 pm

Bump, bought another code to another email for the pig one and surprise surprise it didn't work lol

Can someone point me to what I need?
