Thread: [OUT OF STOCK===> KAREEM'S EXCHANGE - BITCOIN TO PAYPAL + 15% <===](#)

Kareem - June 1, 2017, 5:14 pm

THREAD DESIGN IS INCORRECT. I USUALLY ACCEPT Goods and Services

EXTENDED TOS:

- I NO LONGER accept PayPal funds from eWhore accounts due to chargebacks that happen all the time.
- If you want to do multiple exchanges, the PayPal must be sent through the same name on each exchange.
- BTC buyer always pays the (\$2-3) fee when sending through Coinbase.
- I will only deal with you if I deem you safe or trusted.
- Usually I will do g&s unless the payment is small
- Your PayPal must be verified or you must have several vouches
- Most of the time you will go first, unless you are very trusted and known.

Current rate: 15% + \$1 for Bitcoin transaction fee (Unless above \$500)

I currently have \$0 of BTC
