Furorem - June 5, 2017, 9:38 am

Hidden VNC Tools (For making hidden VNC connections between your victims or for corporation use)

Contains? Build for your HVNC Bot with your delivered IP & port

? Controller (For control bots more easily, inspect details, remove/update etc...)

? Config files (Config files dont need to be edited without correct knowledge everything is already setup)

? BackConnect Server client

? Full support and mentoring how to use HVNC Bot and how to configure it better. Im avaible always when im Online.

Project is coded fully with C, so that dont have anykinda depencys and can be executed in any Windows based OS XP => 10 (x86 & x64bit platforms).

Program is running fully hidden and that startup everytime when PC will be started.

There is also option to toggle visible connection with client if want so.

For connection can be used any VNC client like UltraVNC or similar and also configure connection speed and quality/resolution.

User has multiply DWC feedback on his profile i just letting you know in case you didn't checked.

r00t_t00r - June 14, 2017, 5:57 am
sell public bot
It's a module from Zeus <http://prntscr.com/fjnxvw>

kauf - June 14, 2017, 9:56 am
have you bought from him to confirm this? even if it's public in as much it works and deliver has he said i believe he is still worthy of selling. merely sold items on here are built by seller

White Fox - August 2, 2017, 7:58 am
Purchased 2 days ago and the user never send the product.

Still waiting.

Will update this post.

immortal1 - August 3, 2017, 4:27 pm
... guys... hVNC software requires CONSTANT updates.. thats why banking bots cost \$xxxx and charge monthly maintenance fees

Recoded and modified to work to the Win 10.
Same Zeus source.

thork13 - December 1, 2017, 7:18 am

hello good day I'm waiting a week ago that you connect to jabber so that I can solve that I made the purchase of 180 usd and that HVNC until the moment it has not worked

default412 - January 9, 2018, 5:46 pm

I am interested in this. PM asap. Thanks

thork13 - January 10, 2018, 12:35 pm

I recommend everyone not to buy because the guy is a scammer. I made the purchase and sent me the VNC it is old and obsolete it does not work and the type is foamed does not answer me in the jabber is a scammer

default412 - March 18, 2018, 3:03 pm

default412 - March 24, 2018, 12:00 pm

This HVNC is the same as other regular crappy HVNC. He will try to get more money... Don't waste your time buying it.

Duglaus - February 15, 2019, 6:51 am

I need a form grabber, do you have? I did not find in your topic about the form grabber. =)
I read that you are now engaged in the FSociety Formgrabber

H4ckW0rld - February 23, 2019, 8:39 am

Not FUD (Bupass) not work mozilla and chrome browsers and this VNC 2012 year

The Masked Pear - March 3, 2019, 11:04 pm

Are you still selling it?
Work on lastest windows 10?

Thank you.
