Oh man. I think this user went on a scamming spree. Another HF user did a \$1k deal with him and has yet to receive his coins..

Never had an issue with Jumpman, always been legit and very sincere.

Looks like a legit scam report, hopefully this gets resolved.

CyberPhunk - June 6, 2017, 10:49 pm

I was about to deal with him yesterday but since btc price was on rise I thought of waiting for a day. And now he has 3 deal disputes as per his reputation report. Hope he clears them and I could then deal with him today :)
