Thread: [Cheap | Handy Dandy Program Shop Latest Program: Proxy Scraper&Checker 2.99\\$](#)

Diclonius - June 7, 2017, 3:06 pm

thought id open a small program shop they are small handy programs to have that don't warrant a thread over them since they are small and usually command line based.

Programs available

Yelp Scraper

[Buy Now \\$1.99](#)

Description ([Click to View](#))

a small useful program that scrapes for name,address and phone number and outputs them into a text file for later use.

useful for collecting lead's phone # for calling in a certain niche restaurant,plumber ,etc.

Proxy Scraper

[Buy Now \\$2.99](#)

Description ([Click to View](#))

a small useful program that scrapes proxies and outputs them into a file

more coming soon

Update Policy: ([Click to View](#)) updates are sparse but any updates made to the program will be given free of charge to buyers.

was used to collect phone numbers mainly may add it in the future

updates are very sparse so youll get any/if any future updates free of charge

Diclonius - June 15, 2017, 5:35 pm

Proxy checker has been added to the scraper
those that bought the standalone scraper will get it in their email
