Thread: [Petition against Nex+. He must be stopped now!!](#)

Flaxpicker - June 7, 2017, 4:04 pm

Fellow comrades,

I would like my fellow brethren to join me in filing a petition against Nex+. He has caused me lots of emotional distress and trauma. You can read more about his shenanigans [here](#) on my groups sale thread. I feel like I deserve some kind of a compensation for my loss. But to do that I need YOUR SUPPORT. I would need you guys to sign the petition so I can build a strong case against this hooligan.

Sign the petition here: <https://www.change.org/p/general-public-stop-nex>

Can I get an up-to-date on this? I tried reading few posts in the thread you've linked but I couldn't figure out what I were looking for.

What has he done exactly to you? I'm all for helping you, but since I don't even know what the problem is - it's going to be hard to solve it.

Best wishes!

M?xim - June 7, 2017, 4:07 pm

I signed. Best of luck Arrow, only 98 more.

Roytoy - June 7, 2017, 4:07 pm

This petition may only begin to heal Arrow from what has been done to him

He has caused me a lot of emotional distress. It's hard to show all his wrongdoings in just a couple of words.

Take the time out of your day to help me make a difference in the world.

Just signed the Petition myself.
Great idea Arrow.

93 more need to sign the Petition.

Papa Cuda - June 7, 2017, 4:35 pm

So he wasted your time and made you think he was gonna buy your group?

I don't understand maybe I'm missing a key element here, I was self banned for a month. Did I miss something he did in that time? Why the petition?

Mr. Robot - June 7, 2017, 4:35 pm

This just seems like a free bump for your group.

P.S. Please sign the petition brother. It would mean a lot to me if high quality members such as yourself join me in this fight against bullying.

I didn't see any bullying except from users like Jason and a couple others who posted multiple times to not sell to nex or bandors/grim and some of those posts were removed.

I think it'll be a great day when your group comes to an end and the marketplace bumps stop. I wonder if H3god will find a new group to pay for bumps.

I would like to clarify that the [marketplace bump rule](#) has been put in place by Omniscience to avoid these kind of shenanigans.

I would highly suggest you and your buddies to stay away from buddy bumps as it could lead to bad things.

I'm going to have to ask you to stop flaming me, my beloved group members and my good friend H3Lord. If you have a problem lets continue discussing this matter over private message or over coffee some time.

I do not like the idea that there is someone over the internet that hates me. Lettuce squash the beef brother.
