Thread: [Why can't I post images?](#)

GoodDealThanks - June 8, 2017, 9:41 pm

The img tags don't work sometimes, why is this?

Did they change something on these forums?

BR?ND?N - June 8, 2017, 9:50 pm

You got to change the url from

http://

to

https://

I also have problem like you. But i have solved it. I just add "s" in the end of http so it become https.
