Thread: [Indians or Pakistanis, who do neutrals favor?](#)

Panthera Tigris - June 10, 2017, 12:40 am

Pakistanis -

- 1) Alpha and good looking.
- 2) Eat cows.
- 3) Not too smart.

Indians -

- 1) Meek and submissive.
- 2) Worship cows.
- 3) Are probably smarter.

So my question is, who would you rather hang out or work with? Indians or Pakistanis?

Unlike you, I really don't judge people based on their religion. Anyone who is overall a good human is chill enough to hangout with.

I am talking nationality and lifestyle, not religion.

Or that, yeah.

Why even make up a thread like this? lmao

Are you insecure or do you just want someone to say 'yeah Pakis are cool to hangout with'?

Hero member (op af) on another forum received 5 edu emails from me for the vouch copies.

EDU emails got disabled, due to spamming and take a guess... He said none of them work.

And yes, he was Indian. - Just one case of my negative experience with them, when it comes to money related things.

A few posts ago, I just bashed my own nation in a thread, so I hope Indians don't report the thread assuming it to be a troll attempt. Just want a neutral perspective.

If they sniff money, they will eat you alive lol just to get that cash ...

rsx - June 10, 2017, 12:54 am

I would rather hang out with my cat, and that goes for every nationality

Hey, guess what, there's another category of mixed nationalities that do that, and they're called E-whorers.

1. Unemployed pedos.

2. Possess no skills

3. So small in mind that they might well just get money out of family members.

I assume you got offended because of my opinion of Indians...

Well mate, i am not even 18 and i do E-whoring as a income, on my country a wage is \$250 so why not to win 1K ?

Atleast i haven't scammed no one on E-whoring for bigger amounts like 500-600\$...

well it's your own way whatever you want do do but in my opinion this kind of thread should not be posted at this level because on this forum we are one community we not have our country's flag with our names so why bother ? but still like i said before you can do whatever you want but it can be impact on your reputation because on this forum people know better with their reputations (i think) i hope you can understand brother Good Luck!

Sorry to offend brother, I was talking in general sense. I am sure you would agree that Pakistanis score big when it comes to looks. ?

kookur - June 10, 2017, 1:01 am

If you'll deal with an Indian you'll know their status!

BR?ND?N - June 10, 2017, 1:02 am

I honestly don't care.

Both nations have their unpleasant people. As long as you can act like a civilized human being, we're good.

I actually never seen a Pakistani and said "damn they're hot".

I'm sure one or two are out there, but never saw one.

This is quite an understatement, and let me tell you why.

- 1)50% of the Pakistanis are inbred, so there is genetics taking away that mental edge.
- 2)100% of the Pakistanis are overly religious, so there is religion taking away what was left.
