I agree with him. It is extremely impolite in a formal setting. But in public its definitely none of nobodies business at all and you should be able to speak whatever language you want without getting belittled or berated.

This fucking guy Mike. I wish people could be more tolerant. What is he intimidated by? The fact he can't understand them and afraid they are plotting? Or that he is too pussy to learn a new language?

herretummers - June 10, 2017, 5:41 pm

This is pure ignorance. Being on a wheelchair is no excuse to be vile.

The13thBen - June 11, 2017, 6:51 am

SirAndrew - June 11, 2017, 6:52 am

That guy just wants to calm down and remember that we're all on the same planet, nobody really has actual rights, we're just lucky that we're alive.
