So the new season just came out and I like it so far, what are your thoughts on it?

On episode 9, and oh my God... It's a horror film right now.

Honestly Dasha Polanco needs to go, She was fun at first but this season she's been a depressed mess.

Nice to see the girls in control, but i guess if you compare this to real life it would be a totally different story?

Just finished the season and oh my... Now just have to wait another year to binge it for 2 days.

SPOILER:

Spoiler ([Click to View](#)) I have to admit when Piscatella came up with no pulse I was almost a bit sad... Can compare it to people I know IRL that have gone through some shit and the brain can get like that.

I'm meaning to start watching this show!

I haven't even started it.

I planned on binge watching it, but got distracted by a few other shows.

I heard it started off pretty fucking slow tbh.

I was so in love with it. I don't know if it was intentional for the show, but I actually ended up watching it over the same 3 day period that the riot lasted.

It was pretty good, and I am mad I have to wait now until the next season to see the final outcome of the riot and how many people die.
