Thread: [Anyone else have no received coins from poloniex.com in their wallet?](#)

mybankisemptyy - June 10, 2017, 12:27 pm

What is this lol. Anyone else experienced this? I've already made a support ticket and hope they're able to solve this. It's only 3.6k SIA, could've been worst.

Edit: I forgot to mention that the transaction is Completed.

How long has it been since you made the withdrawal?

Rikz - June 10, 2017, 12:28 pm

How long has it been? Mine took a while but it came. Not too long at all though

So 2 hours ago lol be patient, it will come.

NurSpec - June 10, 2017, 12:35 pm

2 hours is not an awfully long period of time. Be patient, if it's over 24 hours then perhaps there could be a cause for concern.

I began to be paranoid when I saw this:

EDIT: It's not 2 hours. Time for me now is 21:37. So it's 4 hours ^^ . I guess i'll wait 24h and then see.

Mullah420 - June 10, 2017, 12:37 pm

I've tried transferring 50k sia to my wallet from Polo 20 days and still hasn't deposited. They still

haven't responded to my ticket either.

They usually group their outgoing transactions together to cut down on fees, although I can't see it taking that long to register in the blockchain. I would wait maximum 24 hours and then contact support. It's very unlikely that your coins are lost. Just be patient my man.

Let's hope after 24hours I'll receive it or else hope for their answer in a support ticket. ?

'Fox - June 10, 2017, 12:55 pm

Yea, i withdrew some last night and it's marked as complete, but got nothing.

I submitted a support ticket and they said wallet is under maintenance and will be fixed soon.

Jackiex12 - June 10, 2017, 2:04 pm

Have the same problem more than 24 hours now , some people having the same problem 20 days now , so its poloniex problem they said they will broadcasting the tranactions again in tuesday . lets wait and see ...

MrJamieMcC - June 10, 2017, 2:24 pm

This has happened to me. Im waiting for 7 days. I put in a ticket 5 days ago and still no answer. Its a joke!

Even Footlocker doesn't get back to my emails sometimes. I would suggest to keep on their assess about your withdrawal.

I do believe this is a SIA related issue, though.

Azurio - June 10, 2017, 2:54 pm

HAve been waiting for 200k siacoins to come in my wallet, opened supportticket so they can rebroadcast the coins, have been waiting really long tho

evilace - June 10, 2017, 2:56 pm

Get ready to wait a month. Been waiting 20 days so far for mine. Your gonna have to make a support ticket.

DenizZ - June 10, 2017, 3:25 pm

For me it has never took longer than 15 mins for them to sent the coins.
