Vinnie Thread

Why did he get banned from twitter? Is he still posting actively somewhere? Does anyone of you mind linking me his social media?

I swear that Vinnie got beaten up and it was posted all over Twitter? I used to follow that guy on like every social media, he was such a fuckwit.

I think he has been ghosting because he is too embarrassed to leave his house.

Who is Vinnie? I'm guessing an old hackforums member?
